

Appendix D – CWP Development Meetings and Outcomes

The following table documents numerous workshops and listening sessions that occurred during the development of the Los Angeles County Water Plan (CWP). This table includes stakeholder meetings and workshops that occurred in conjunction with the Integrated Regional Water Management (IRWM) meetings of the three existing IRWM programs in Los Angeles County, which include the Greater Los Angeles County (GLAC) Region consisting of five Sub-regions, the Antelope Valley Region, and the Upper Santa Clara River Region. It also includes other workshops and listening sessions with water management entities, environmental and environmental justice representatives, tribal representatives, and other stakeholders.
