

Los Angeles County Water Plan Introduction

LA COUNTY
WATER PLAN

Meeting Objectives

Introduce the Los Angeles County Water Plan (CWP) development effort

Provide linkage between CWP and IRWM

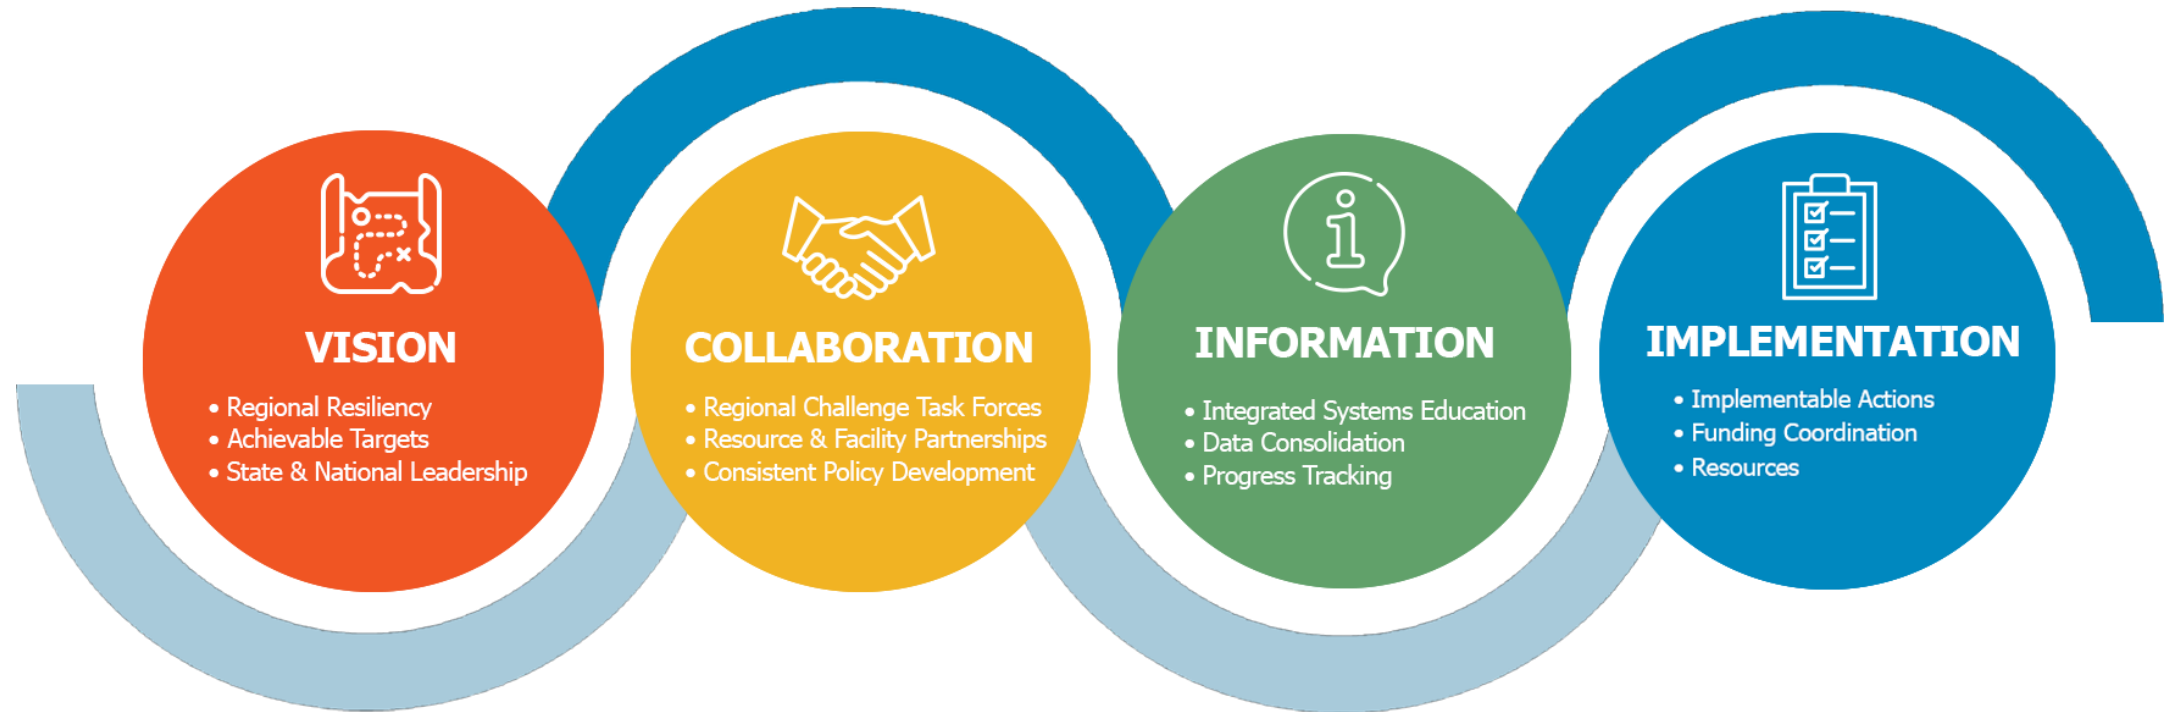

Encourage stakeholder participation in developing CWP

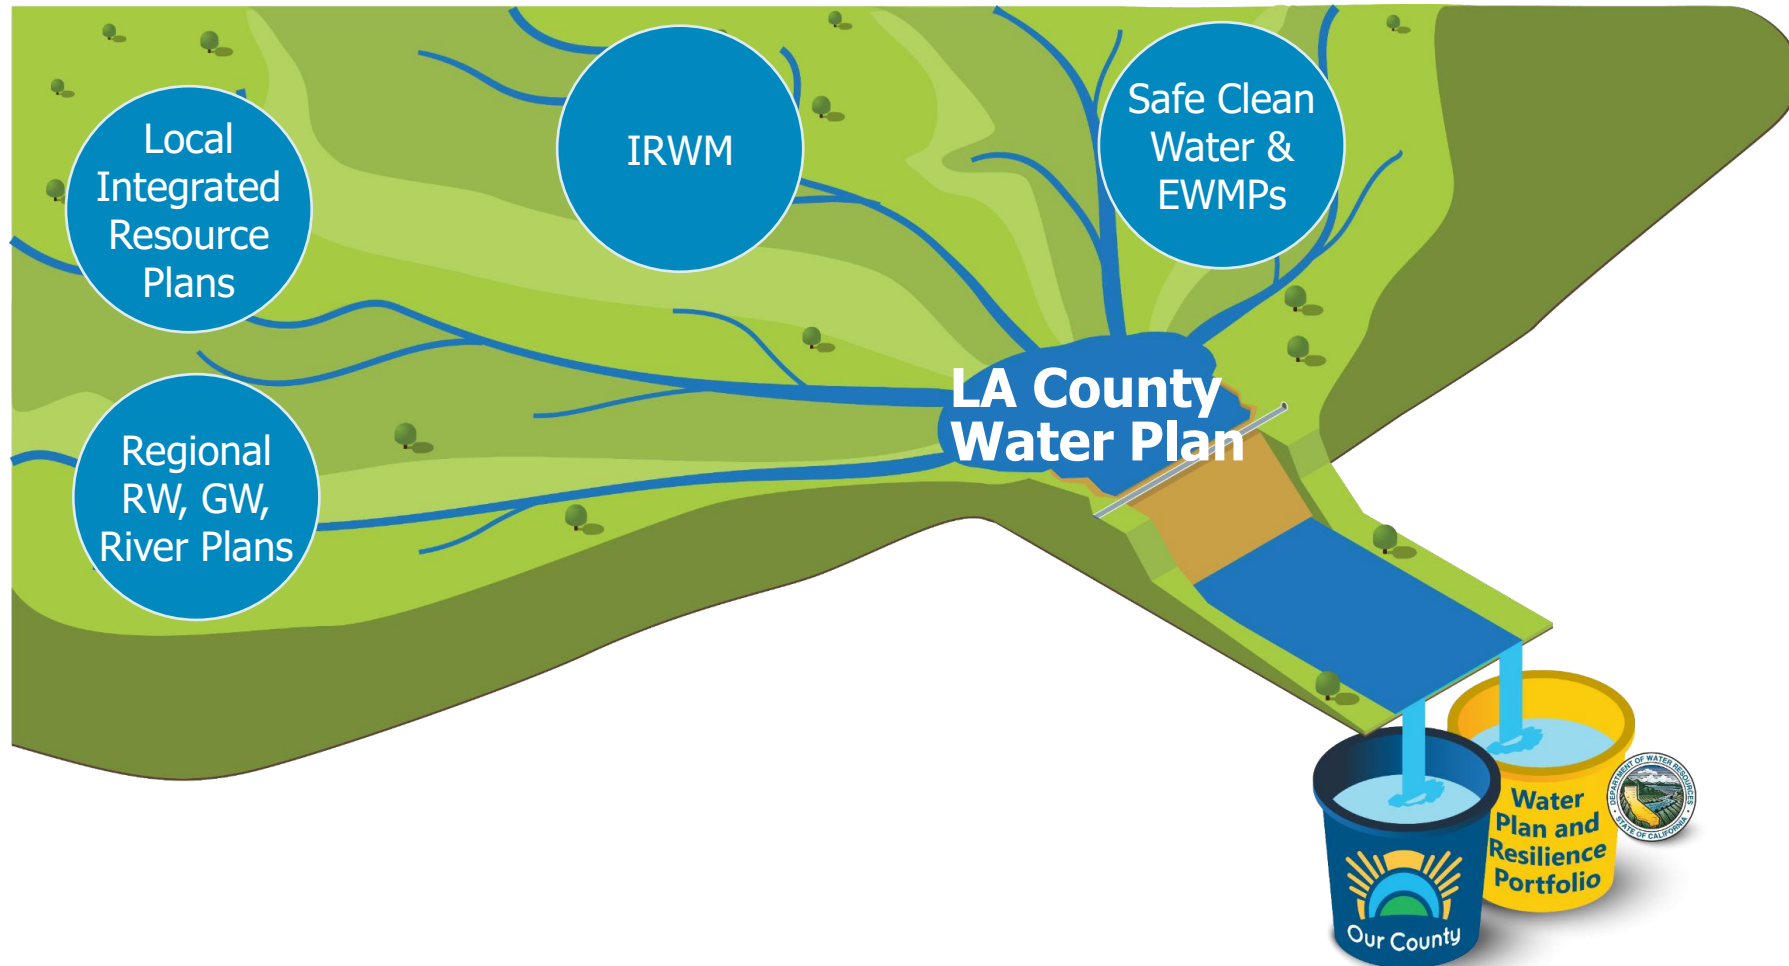

Vision for the CWP

The Los Angeles County Water Plan articulates a shared, inclusive, regional path forward to sustainably achieve safe, clean, and reliable water resources for Los Angeles County.

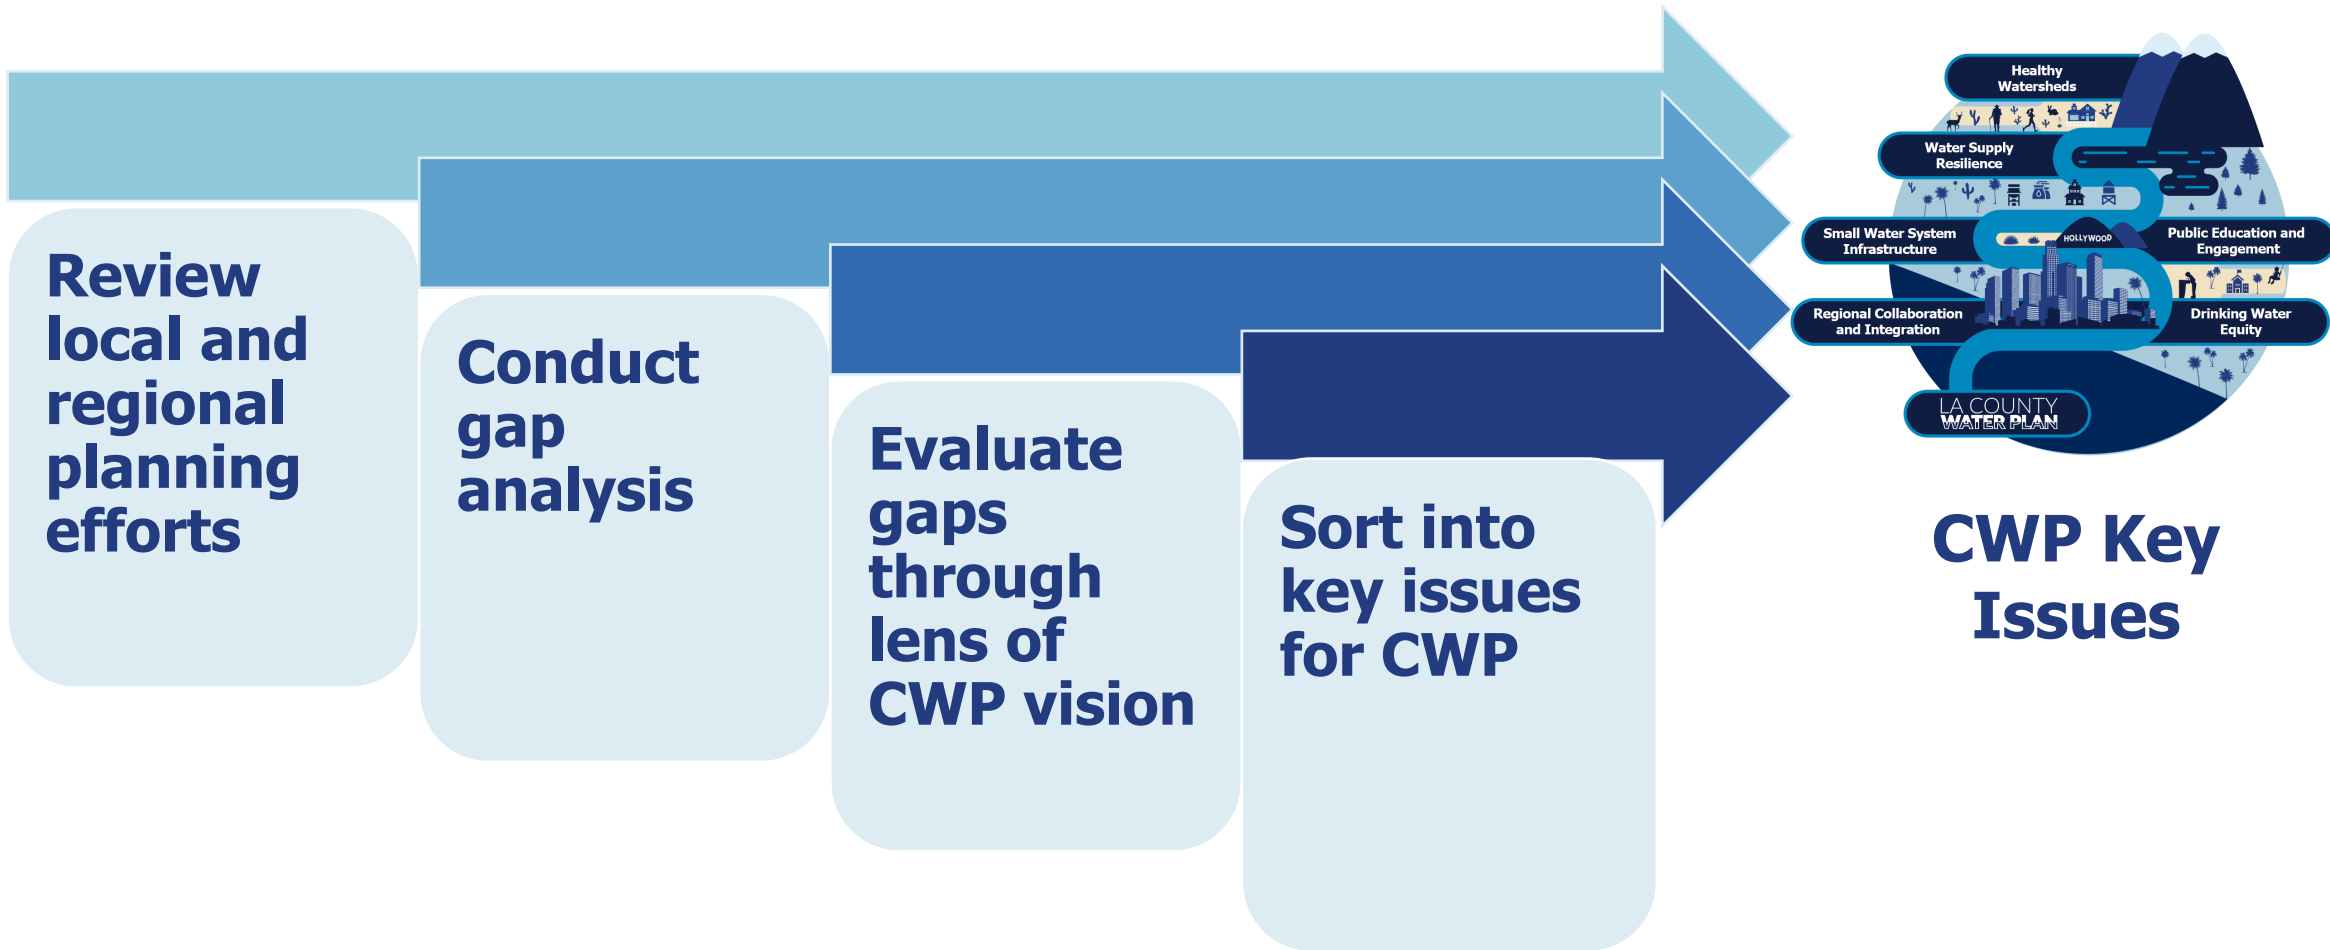

The CWP will be developed with County stakeholders

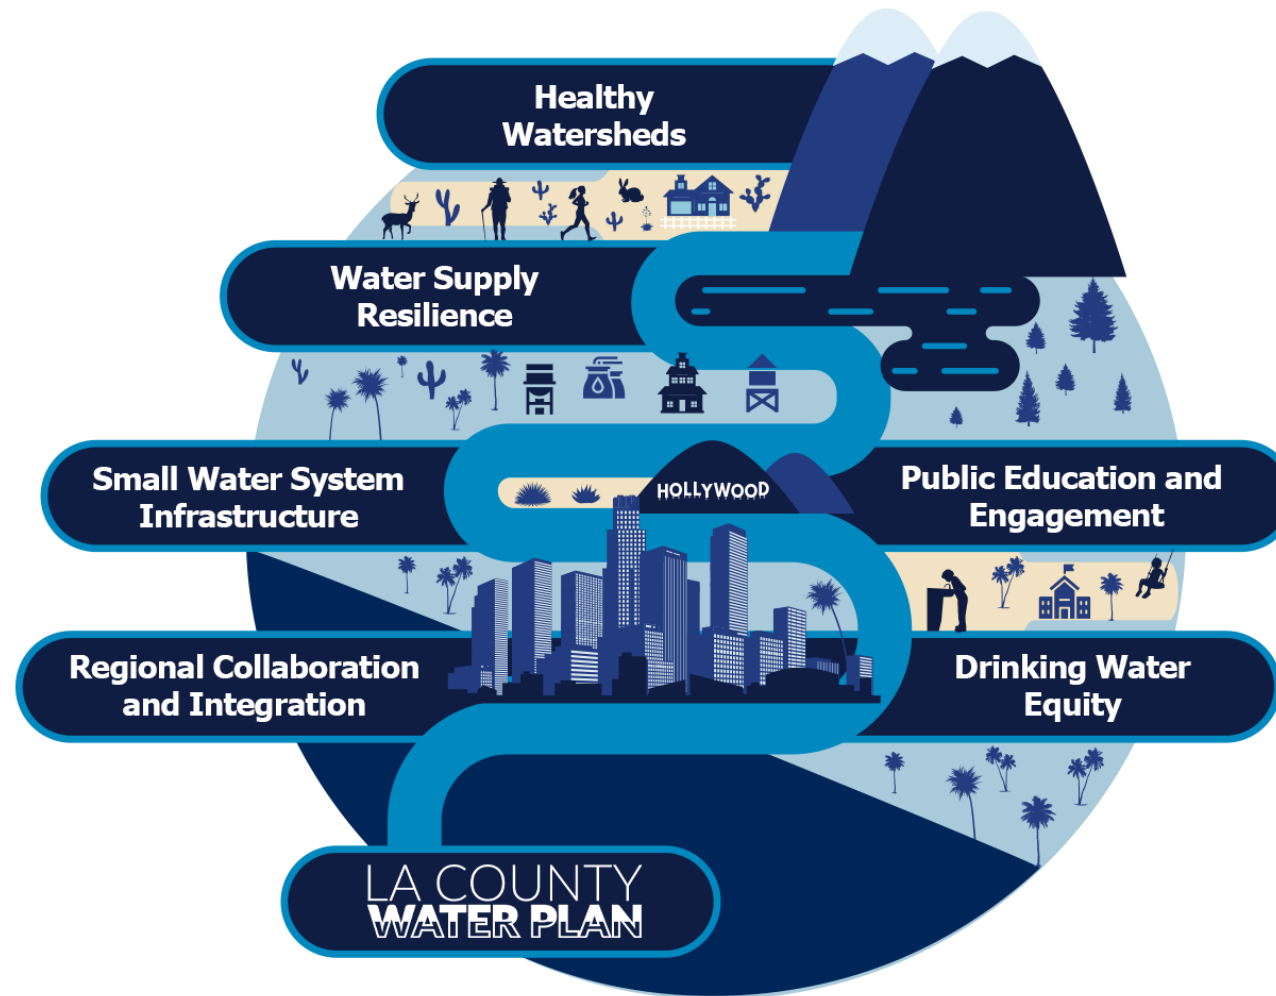

The CWP will build upon local and regional planning efforts

The CWP will consider key issues identified through gap analysis

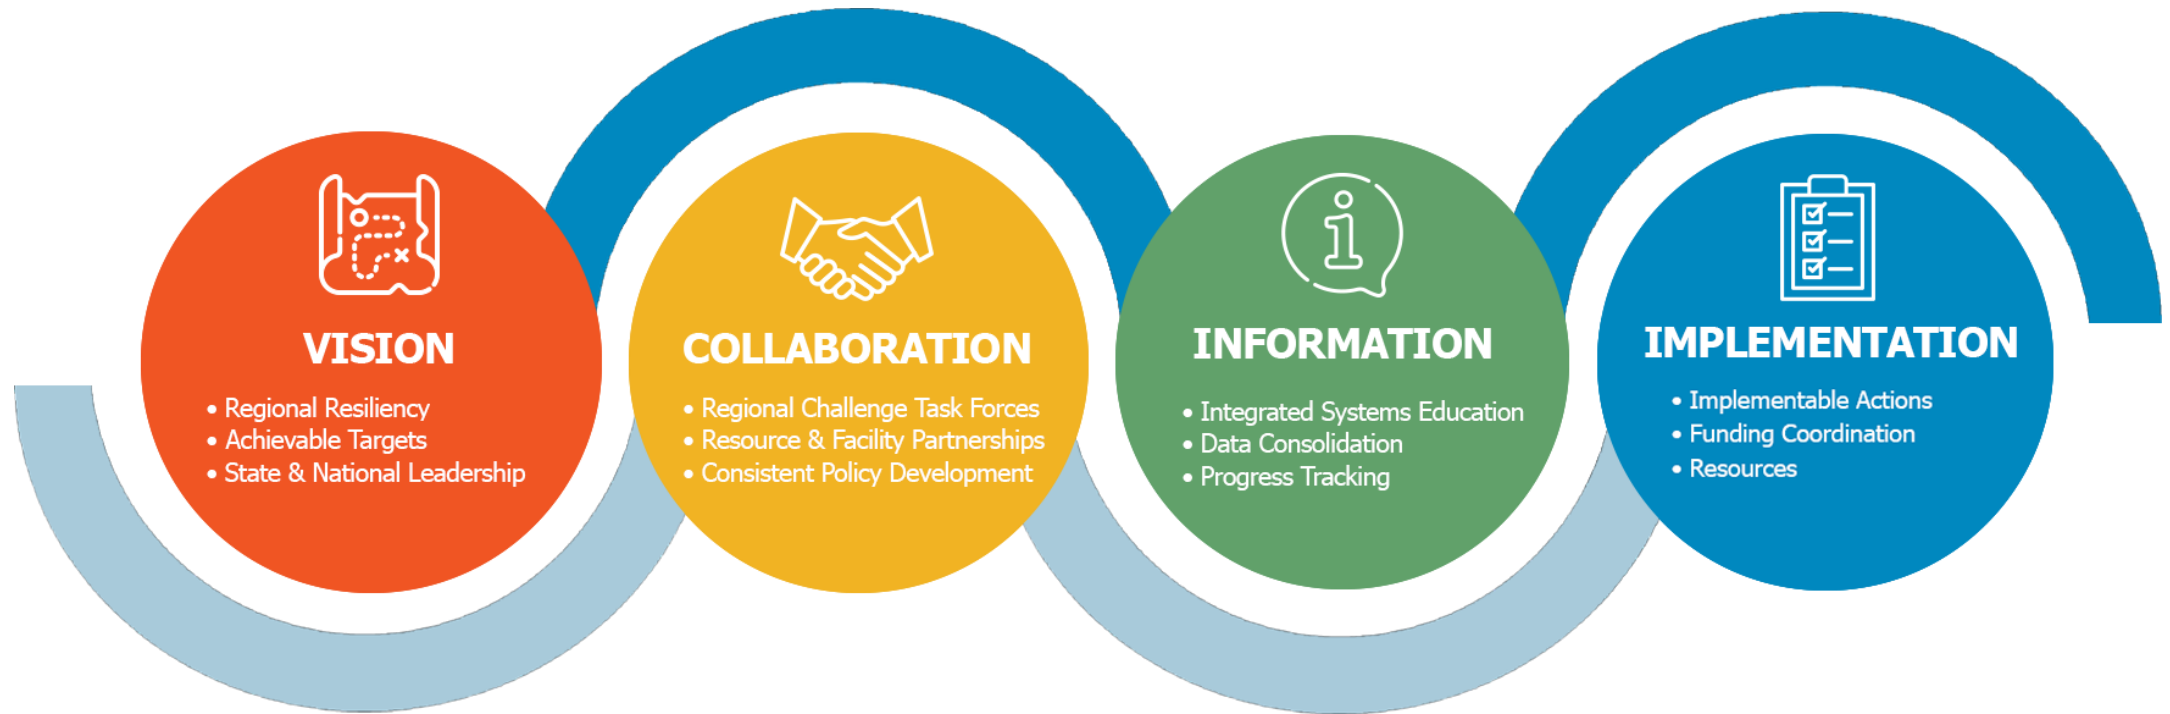

The CWP will focus on 6 key issues

The CWP will be developed through the collaboration of 3 teams

The **Development Team** is responsible for producing outcomes

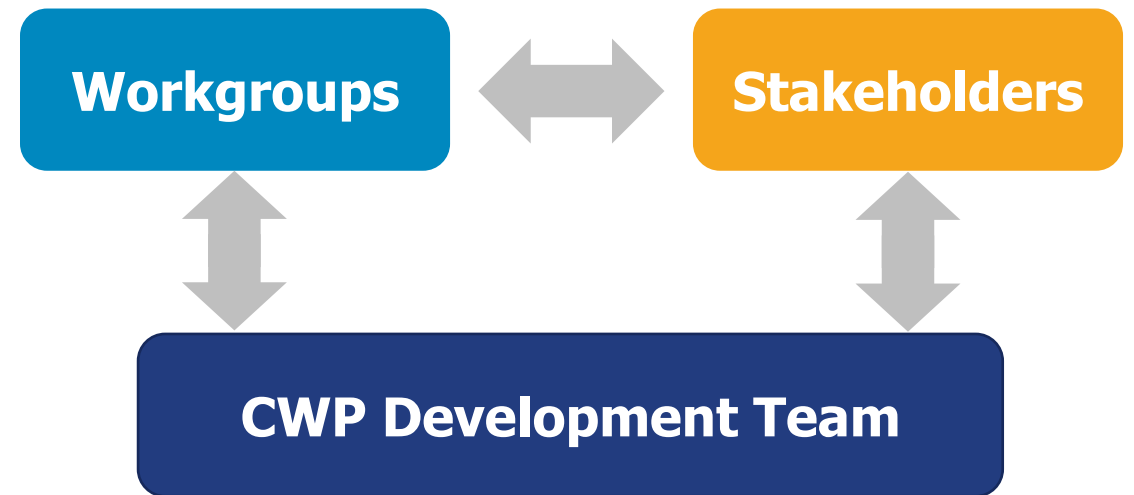

The **Workgroups** are responsible for drafting content

- Develop Content
 - Issue: Draft targets, strategies & actions
 - Program: Policies and informed stakeholder education pieces
- Work iteratively with stakeholder workshops and listening sessions
- Agencies with water management responsibility

The **Stakeholders** are responsible for providing input

- Provide input on draft workgroup targets, strategies, and actions
- Prioritize content with sub-regional perspective
- Offer sub-regional perspective
- Review and provide feedback on draft CWP

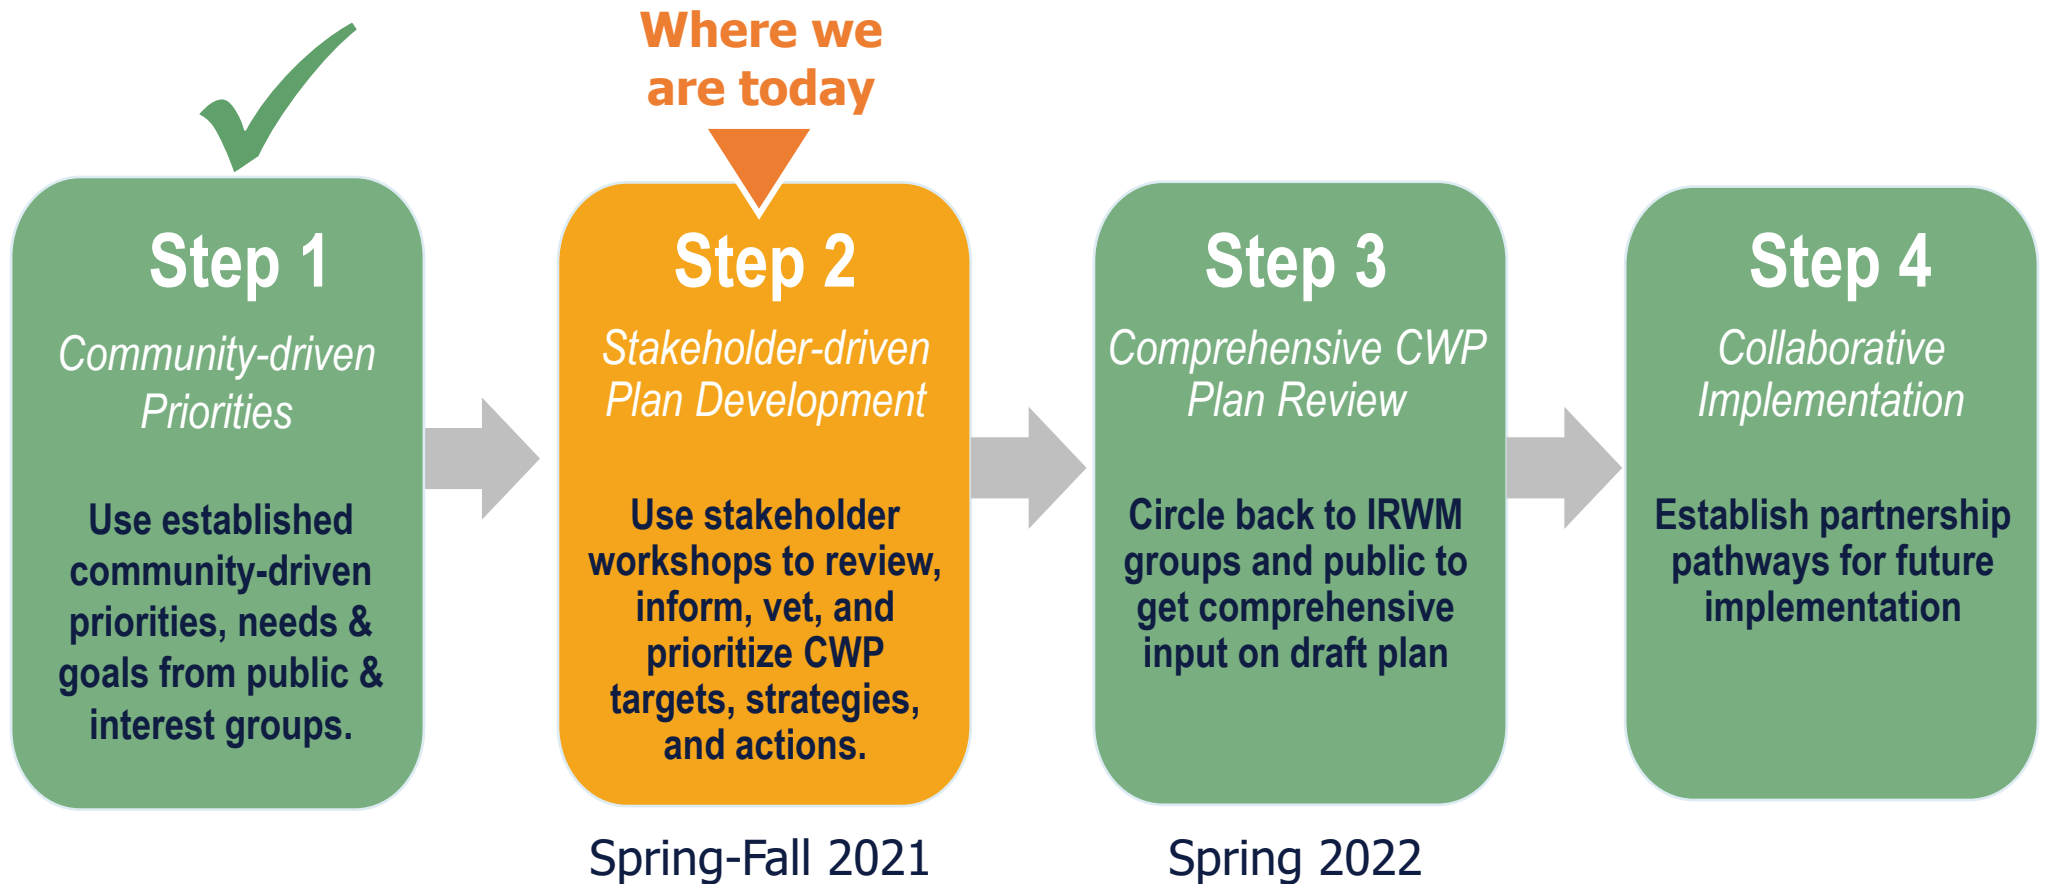

The CWP will leverage existing IRWM framework and relationships
